

ICPAS PROFESSIONAL EXAMINATION

MODULE ENROLMENT

Module Enrolment Procedures

Only candidates approved by ICPAS Board of Education and Examiners (BOEE) can enrol and attempt the ICPAS Professional Examination. Please refer to the [Important Dates and Information](#) sheet for the modules that are currently available for enrolment.

Candidates may log in to their individual user accounts at [Professional Examination \(PE\) website](#) to enrol for the modules online. Payment for the module enrolment may be completed online via Internet Banking (eNETS) or Credit Card (VISA/Mastercard), following the submission of the online module enrolment.

Alternatively, candidates may enrol for the modules by completing the [Module Enrolment Form PE.2](#) and submitting it to ICPAS Professional Examination. Refer to Form PE.2 for alternative payment modes and form submission instructions.

Candidates must enrol for the module before the Module Enrolment Closing date to qualify for the examination.

The Module Enrolment fee of S\$630 per module does not include the cost of recommended textbook. Candidates who are interested to purchase the textbook may proceed with the purchase online with their account details. Alternatively, candidates may register their purchase intent by completing the [Order Form PE.5](#) and submitting it to ICPAS Professional Examination. This form includes the list of the recommended textbook for each module. Interested candidates can therefore refer to the form for more details. The closing date for textbook purchase is the same as that for Module Enrolment.

Collection of Study Materials

For candidates who are enrolled by the Module Enrolment closing date, they will be invited to a complimentary Examiner Question & Answer (Q & A) session before the Module Commencement date. The dates of the Q & A session will be announced at [PE website](#). Candidates will also be informed of this information via email. The study guide and recommended textbook will be available for collection during the session. If candidates are unable to attend the session, they may collect the study materials from the SAA City Campus during office hours after the Examiner Q & A session. Candidates are required to produce their NRIC/Passport for verification for the collection of study materials.

Module Deferment

There will be no refund or withdrawal of the module enrolled. Instead, candidates may defer the same module to a later Module Examination date. Refer to *Module Deferment Procedures* for more details.
