

## **ICPAS PROFESSIONAL EXAMINATION**

### **MODULE SCRIPT REVIEW REQUEST SERVICE**

#### **Script Review Request Procedures**

The Module Script Review service is a detailed report of an individual candidate's examination script by the Examiner. The report allows the candidate to have a better understanding of their performance relative to the examination and indicates areas of improvement for the examination in order to help the candidate to better attempt the subsequent examination. The Module Script Review is not a re-marking service.

This service will be available for 1 month from the date of release of the result. The report will then be sent via email with the candidate ID as the password 2 months from the date of release of the result

Candidates may log in to their individual user accounts at [Professional Examination website](#) to select the desired available Module Script Review online. Payment for the Module Script Review Request may be completed online via Internet Banking (eNETS) or Credit Card (VISA/Mastercard), following the submission of the online Module Script Review Request.

Alternatively, candidates may complete the PE Transaction Form and submit it to ICPAS Professional Examination. Please refer to the form for alternative payment modes and submission instructions.
